**OFFICE OF LEGISLATIVE COUNSEL**

**Monday - 12 September 1960**

25X1 1. [ ] Miss Stockstill, Mr. Smart's secretary, telephoned to confirm the time of ten o'clock on Thursday in room 313A. She also indicated Mr. Smart would be in the office on Wednesday, the 14th of September.

25X1 [ ] Talked with J. Vincent Burke, General Counsel, DOD, who indicated he was about finished with a statement for the meeting on Thursday which will deal with the procedures and screening process and in addition will deal specifically with the cases of Martin and Mitchell. He seemed somewhat surprised when I gave him the substance of my conversation with Russ Blandford concerning the purpose of the Thursday meeting. Apparently he had tried unsuccessfully to reach Blandford, Smart and Kilday.

25X1 3. [ ] After the Director determined that efforts would be made [ ] through HCUA. I talked with Representative Francis Walter's secretary with a view that Mr. Walter, if he could be reached, would telephone the Director. I also attempted to reach Frank S. Tavenner, Jr. unsuccessfully. However, I did discuss the matter with Don Appell. He indicated Tavenner was in town and would be in the office in the morning. He further indicated that he thought the Committee would be delighted with this plan and that a number of members were in town. This information was passed on [ ]
